

Ronald E. Oringer, CPA, Chief Financial Officer

Ronald E. Oringer, CPA, is the Chief Financial Officer of the International Brain Research Foundation. A 25-year financial veteran, Mr. Oringer brings a wealth of experience which will guide IBRF through a period of significant and unprecedented growth.

Prior to joining IBRF, Mr. Oringer held a variety of executive management positions including Chief Financial Officer, Controller, Vice President and Partner. Most recently (1996-2008) Mr. Oringer was employed by Bayer HealthCare Pharmaceuticals (formerly Berlex Laboratories, Inc. /Schering AG), where he was Controller for the Diagnostic Imaging Division.

“I am very excited to assume the CFO position for IBRF. We have a huge opportunity in front of us to help those afflicted with disorders of the brain as well as their families. Recent technological and scientific advancements have made it possible to gain insights into the injured brain that were never before attainable. Research is urgently needed, and I am thrilled to contribute to IBRF’s remarkable works in the research and treatment of brain disorders and injury.”
